

WHAT PEOPLE ARE SAYING

"... a band that is equally comfortable playing simmering, slow burn traditional blues songs as it is with sizzling tracks designed to get the audience out of their seats and onto the dance floor."

- Cory O'Brien, *Boulder Weekly* (Jan 12, 2012)

"This band's music would heat up any juke joint, but its songs also make blues and roots rock sound fresh and alive. "

- "Best Albums of 2011", *The Columbian* (Dec 30, 2011)

"Whatever kind of groove Papa Juke is laying into, most of the cuts on Out of the Blues will light up the dance floor."

- Jon Solomon, *Westword* (Dec 07, 2011)

Papa Juke is blues with a difference, blues with a heritage, blues with an attitude.
